Investor Outreach Proposal · October 2026
Prepared for Davis Rens & Charlie Moon

Executive Summary

THE ASK, THE PLAN, THE INVESTMENT, WHAT TO EXPECT

THE ASK

A $10M seed at a $60M post-money cap, closed by the end of Q1 2027. It builds on a $1M pre-seed led by a Korean semiconductor and superconductor manufacturer. The goal is a lead or larger allocation to anchor the round, with family offices, micro VCs and angels who understand frontier materials, quantum, fusion and AI infrastructure filling the rest.

THE PLAN

Two LinkedIn profiles (Davis's and Charlie's), run end to end by ThinkFISH in your voice. We target deep-tech micro VCs, family offices and angels with a history in materials, quantum, fusion, semiconductors and data-center infrastructure. Every meeting is pre-qualified, approved by you and booked onto Davis's calendar.

THE INVESTMENT

$3,000 per month, as a flat retainer. Three-month initial term, with both profiles included. No setup fee, no success fee, no commission and no involvement in the transaction. We are not a broker-dealer.

WHAT TO EXPECT

Outreach goes live within two weeks of kickoff. The first qualified investor conversations land in weeks three and four (mid-November), building to a steady 2–4 qualified meetings per week across both profiles from December. You get weekly reporting and a month-three review in January. One honest note: early-stage raises historically take 6–12 months from first outreach to capital in the bank, so a Q1 close is tight. We can have the right investors on Davis's calendar before year-end. When checks close depends on your process and each investor's diligence, and we'd rather you hear that from us now.

Why ThinkFISH

THE TRACK RECORD, BEFORE THE PROCESS

$200M+ client-reported capital raised

10,000+ qualified investor meetings booked

500+ clients served since 2020

ISSUANCE · DARREN MARBLE, CEO

"…one of the most effective investor marketing firms I've ever worked with when it comes to raising capital for my companies. In the last 60 days alone, FISH has arranged 25 qualified investor meetings for me."

25 QUALIFIED INVESTOR MEETINGS IN 60 DAYS

CARTHAGE CAPITAL · STEPHEN WU

"ThinkFISH helped me raise $2 to $3 million across around 20 different investors over the past nine months. I basically got two to three meetings every week, consistently, and they're already interested. I was going to cancel after a quarter if you didn't deliver. You delivered way above my expectations."

$2–3M RAISED ACROSS ~20 INVESTORS IN 9 MONTHS

WHAT WE CONTROL, AND WHAT WE DON'T

We're not in the room for investor meetings, so we only report what clients report back, and results vary by company, team and deal. What we control is the top of the funnel: right-sized, pre-qualified investors on your calendar every week. Full testimonials and video links are in the appendix.

What’s Standing Between You and the Close

THE GAP WE’RE SOLVING

You’ve done the hard part in eight months: a focused thesis on superconducting materials, models no generalist materials platform has built, paying work with fusion and quantum hardware teams, and a signed NVIDIA contract on data-center thermal load. The gap is structural. Your pre-seed came about 90% from one strategic partner, so SuperMatics has never needed a repeatable investor pipeline. A $10M seed needs dozens of right-sized conversations, and today they depend on cold outreach from your only technical founder.

Fundraising is a volume game at the right tier. The variable you control is how many qualified, right-sized investor conversations enter the top of your funnel every single week.

SURFACE PROBLEM	Interest from smaller VCs, family offices and HNW individuals at low-to-mid six figures, and early diligence with a couple of larger firms, but no confidence yet in a Q1 close.
BUSINESS IMPACT	Without a lead or larger allocation, the round can’t fill around $60M-post terms, and the move from internal models to an externally deployed product waits on capital.
PERSONAL IMPACT	Davis is doing the building and the investor outreach. In his words: time spent on cold outreach that “majority of the time” leads to nothing, “not the best use of time.”
COST OF INACTION	Every month spent sourcing pushes the close past Q1 and leaves the round depending on what Davis called “a bit of a stroke of luck.”

Your Investor ICP

TARGET SEGMENTS, IN PRIORITY ORDER

SEGMENT	WHO THEY ARE AND WHY THEY FIT
1. Deep-Tech & Frontier-Science Micro VCs	Funds with a history in advanced materials, quantum and fusion. They read novel model architectures and an NVIDIA contract as signal, and can anchor an allocation.
2. Energy, Chip & Industrial Family Offices	Family offices built on energy, chips or manufacturing. They understand superconductor supply chains and the royalty model behind manufacturing routes.
3. AI Infrastructure & Data-Center Angels	Operators and investors in compute, cooling and data-center buildouts, for whom thermal load is a known, expensive problem.
4. Quantum & Fusion Operator-Angels	Exited founders, physicists and executives from quantum hardware and fusion who know the materials bottleneck firsthand and back technical founders.

These segments are our starting point. We'll plan a fuller outline of investor targets with you during onboarding, including check sizes, geographies (US and Korea), and exclusions such as firms already in diligence.

Two Profiles, One Calendar

HOW BOTH FOUNDERS' PROFILES FEED DAVIS'S MEETINGS

DAVIS · TECHNICAL FOUNDER

Davis's profile leads with the science: a quantum-hardware background, purpose-built models for superconducting materials, and the NVIDIA, fusion and quantum work. That message lands with deep-tech funds and technical angels, and Davis takes every first meeting.

CHARLIE · CO-FOUNDER

Charlie's profile doubles the outreach volume. It has its own audience and scripts, so no investor gets messaged twice. Your account manager handles every reply and books it to Davis's calendar, so the time difference with Korea never slows a meeting down.

THE REEF · RETARGETING

Beyond outreach from your profiles, we retarget the raise to our internal database of 10k+ investors who opted in for deal flow, filtered to deep tech, energy and AI infrastructure. It's also featured in Startup Deal Desk, our 84k-subscriber investor newsletter.

RIGHT-SIZED FOR A $60M POST

Every booking routes through a short pre-qualification form covering accreditation, check size, timeline and sectors, so you see before the call whether an investor fits a $60M-post round. Family offices, micro VCs and angels fill a seed around its lead. Any lead-capable fund or family office we find goes straight to Davis. The profile split above is our starting assumption, and we'll confirm it with you in onboarding.

How We Fill Your Calendar

SIX STEPS, ONE PAGE

1 · MULTI-SOURCE DATA

Sales Navigator, your own lists and past conversations, our 10k+ investor database, the 84k-subscriber Startup Deal Desk newsletter, and the events your targets attend.

2 · SIGNAL FILTERING

Deal history and live engagement outweigh job titles. Brokers, funding agents, advisor-only contacts and “investors” who are selling services are filtered out.

3 · ICP SCORING

Every contact scored high, medium or low fit against a scorecard built with you. High fit goes first. Scripts A/B tested against real replies.

4 · MANUAL REVIEW

A dedicated account manager hand-checks every high-fit profile before a message goes out, and learns your story well enough to tell it in your voice.

5 · PRE-CALL QUALIFICATION

Every booking routes through a short form: accreditation, check size, timeline, sectors. A briefing before every call; soft letdowns for the wrong fit.

6 · YOUR FINAL APPROVAL

Accept, vet further or decline every meeting. Shared CRM from day one, weekly reporting, monthly strategy calls. If something isn’t working, you hear it from us first.

THE FLOW

Multi-source data → signal filters → ICP scoring → manual review → pre-call qualification → your approval. Outreach only happens after the first four steps; a meeting only lands after all six. The briefing you receive before every call is on the next page.

CONFIRMED MEETING: New Scheduled Call – [Prospect]

From: your ThinkFISH account manager · To: you · Cc: Myra Grama, Freizle Abarrientos · Thu, Sep 17, 2026, 6:26 PM

Here is the booking summary for your upcoming call with [Prospect] on Tuesday, September 22, at 5:30pm ET. This meeting came through outbound LinkedIn outreach, and is categorized under **Segment A (Hospitality-Connected Investors)**, with secondary alignment to **Segment C (Operator-Turned-Investor / High-Income Professional)**. He initially pushed back hard on the original pitch, questioning whether luggage storage footprint would move a hotel's P&L, then re-engaged and booked once the conversation was reframed around the raise and his advisory perspective rather than a property-pilot pitch.

Summary of why he's a good fit:

15+ years of senior hospitality brand leadership: Global Brand Director for Westin Hotels & Resorts and Global Brand lead across Marriott's premium and lifestyle portfolio, Director of Brand F&B Development (Americas) at Hilton, and a stint at a VC-backed hospitality-tech startup. He now advises private clients across the hospitality sector. **His own qualifying answers reflect that: he marked himself as not accredited but also selected a $25K–$50K check size, direct investment, and a 30–90 day timeline**, an inconsistency worth being aware of going in. He also selected Advisor/Consultant as his partnership interest, so the call may land better framed as an operator/advisory conversation.

Mutual Connections: Matthew and Cherryh. **Network Highlights:** 4,251 followers, active on LinkedIn engaging with colleagues' career milestones; Cornell-affiliated.

Affiliations & notable initiatives: VP, Strategy at a hospitality brand consultancy · Former Global Brand Director, Westin Hotels & Resorts (Marriott International) · Former Director, Brand F&B Development (Americas), Hilton · Led global brand strategy across Westin, Sheraton, Autograph Collection, Le Méridien, Renaissance and Delta · Part of a team that drove a 5x revenue increase with 40% margin expansion across 9 markets and 200,000+ hotel guest rooms.

Conversation Thread:

Prospect: *"…Not sure the additional 50 sq meters a luggage storage room would change the hotel P&L much if any. I'm no longer your target audience… Let me know if helpful to chat."*

Founder: *"…To be upfront, this outreach is part of a raise we're running, not a property-pilot pitch… Given your background, I'd genuinely value your take on it from that angle."*

Prospect: *"Love it. Let's connect." … "Perfect. Sent. Looking forward."*

What To Expect

VOLUME, MEETINGS, TIMING

OUTREACH VOLUME

2,400+

LinkedIn touches / month, two profiles

We aim to send 600–800 InMails and 600–800 connection invites per profile every month, from Davis's and Charlie's accounts, once they're fully warmed up. Every touch is scored and hand-reviewed before it goes out.

QUALIFIED MEETINGS

2–4

per week at steady state (month 2 onward)

Conservatively 1–2 per profile per week once calibrated, and strong audiences run more. It's not a guarantee, but it's the range we deliver consistently. Every meeting goes to Davis.

TIME TO FIRST MEETINGS

3–4

weeks from kickoff to first booked calls

Weeks one and two are setup: ICP, audiences, scripts and profile warm-up. Live outreach starts in week three, and the first replies and bookings follow within days.

WHAT "QUALIFIED" MEANS, AND THE HONEST TIMELINE

A qualified meeting is a high-net-worth individual, fund or family office with a verified history of similar investments, who passed scoring and human review, completed the self-qualification form on booking, and whose briefing you approved. Pre-revenue raises historically take 6–12 months from first outreach to capital in the bank. We'll have the right investors on your calendars quickly; the close depends on your process and their diligence, and we'd rather you hear that from us now.

THE JANUARY CHECKPOINT

By the January review you'll have three months of real numbers on audience quality, meeting quality and which segments convert, with the pipeline laid against your Q1 target. That's the end of the initial term: continue, scale (add a profile, or point the same engine at manufacturing and co-development partners) or stop. The decision gets made on data, not faith.

Pricing

FLAT RETAINER. NO SETUP FEES, NO SUCCESS FEES, NO SURPRISES.

THINKFISH FUNDRAISING · DONE-FOR-YOU

- Every investor screened on accreditation, check size and timeline before they reach Davis

What We Are, and What We’re Not

THE COMPLIANCE QUESTION, ANSWERED UP FRONT

WHAT WE ARE

A digital media and investor-relations firm. We build and run LinkedIn outreach in your name, qualify the responses, and put pre-vetted investor conversations on your calendar. Flat monthly fee, nothing else.

WHAT WE ARE NOT

Not a broker-dealer, placement agent or finder. We don’t negotiate terms, don’t take a success fee or commission, don’t touch the transaction, and don’t raise the capital. You run the conversation and you close.

STAYING COMPLIANT

Early messages are relationship-first and high-level: no deal terms, no structure, no forecasts. Collateral only once interest is real, and you are the first to share a full deck. Every script is approved by you before it goes out.

Your Team

WHO YOU WILL ACTUALLY BE WORKING WITH

FREIZLE ABARRIENTOS

Chief Operating Officer. Two decades across operations, business development, investor relations and client services; oversees ThinkFISH's daily operations. Leads strategy and the ICP design, and joins your monthly strategy calls.

SAMANTHA COWPER

Onboarding Manager. Runs your first two weeks: the onboarding interviews with Davis and Charlie, profile optimization, the ICP and audiences, and script approval, so the campaign launches on time and in your voice.

MYRA GRAMA

Account Director. Owns the relationship from launch onward: campaign performance, the weekly report, the monthly strategy call, and the escalation point if anything needs a pivot.

YOUR DEDICATED ACCOUNT MANAGER

Assigned at kickoff and introduced by Samantha in the first onboarding session. Runs the campaign day to day under Myra: audience building, scripts, inbox, qualification, call briefings and the weekly report. One person who knows your story, reachable on Slack or WhatsApp, not a ticket queue.

Next Steps

HOW WE GET STARTED

1 · REVIEW

Davis, take this to Charlie on Monday. Matt will walk through anything that comes back on our Wednesday call (11:30am PT / 2:30pm ET). If Charlie wants to hear it directly, Freizle or Ben will join a 20-minute call at a Korea-friendly hour.

2 · SIGN & KICK OFF

We send the services agreement the same day you say yes. Onboarding interviews with Davis and Charlie start that week, and we get access to the data room and both LinkedIn profiles.

3 · FIRST MEETINGS

Both profiles go live within two weeks of kickoff. The first qualified investor conversations land on Davis's calendar in weeks three and four, then build to a steady weekly rhythm through December and into the January review.

WHAT WE NEED FROM YOU

Connect Davis's and Charlie's LinkedIn accounts to our system (no passwords or login credentials required). Share the data room and any investor lists or past conversations, including the firms already in diligence and everyone who passed. One 60-minute onboarding interview with Davis, and a shorter one with Charlie. A Calendly link for Davis, and a do-not-contact list. That's it. We handle the rest.
